Unified Command Site Bulletin: Fruitland Magnesium Fire Incident Response – Update 7/11/16

MAYWOOD, CALIF. – The Unified Command for the Fruitland Magnesium Fire Incident in Maywood, Los Angeles County, Calif., has completed response and recovery operations. All necessary cleanup has been completed, and all relocated residents have moved back into their homes as of July 10, 2016. In the aftermath of the fire that began on June 14, 2016, Unified Command assessed conditions and cleaned all public property and a total of ## homes and ## businesses in the affected areas.

The local Community Information Center for residents affected by the fire will remain open through at least July 13 for those who have questions on health concerns, incident background, and the cleanup of homes. Experts will be available to answer questions regarding the incident.

With the situation now stable, the Unified Command has been deactivated. The Unified Command was comprised of representatives from the U.S. Environmental Protection Agency (EPA), the Los Angeles County Department of Public Health (DPH), and the Los Angeles County Fire Department Health Hazardous Materials Division (HHMD).
